דמיונות DIMYONOT

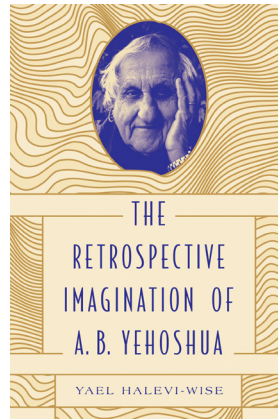

Jews and the Cultural Imagination

Volumes in the Dimyonot series explore the intersections, and interstices, of Jewish experience and culture. These projects emerge from many disciplines including art, history, language, literature, music, religion, philosophy, and cultural studies, and diverse chronological and geographical locations. Each volume, however, interrogates the multiple and evolving representations of Judaism and Jewishness, by both Jews and non-Jews, over time and place.

Submissions should include a 3-5 page proposal outlining the intent of the project, its scope, its relation to other work on the topic, and the anticipated audience(s). Please also include 1-2 sample chapters, if available, and a current C.V.
